Knowledge Organiser: Mind Maps

You must be able to understand the purpose and use the content of different pre-production documents

Branch:	A line that joins a node to a sub-node, or a central idea to a node.
Node:	A point in the mind map that shows some information or idea.
Sub-Node:	A point that has an idea related to a node idea.

Linking of thoughts and ideas

A branch

Visually show requirements and solutions

Mind Map Purpose

A node

A sub-node

Quickly generate outline ideas

A Central Node (main theme)

Mind maps (spider diagrams) are used to organise thoughts and idea based on a central

Show the development of ideas

Mind Map Uses

Show the connections of project ideas

Central node with main theme

Mind Map Content

Sub-nodes expand on themes

Text in nodes express key points

You can use images in nodes

Mind maps can be used as a pre-production document for all creative media projects

Draw this mind map on a sheet of paper to revise.
