

Year 10 Work Experience 2009

We have received some really fantastic comments from both employers and visiting staff, with some students demonstrating outstanding performance and attitude to work. These students received an Abbey College Certificate of Merit.

A Certificate of Distinction is presented to students where they have been nominated by an employer. A number of our students received one of these Certificates.

Prior to the students attending their placement, they have a series of preparatory lessons in Social Studies, covering such topics as 'employers expectations', 'letter and cv writing', 'health and safety at work', etc, etc.
