

ABBHEY COLLEGE, RAMSEY

CAREERS EDUCATION, INFORMATION, ADVICE AND GUIDANCE (CEIAG) STRATEGY

Vision and Purpose

Abbey College, Ramsey seeks to offer a broad and effective Careers Education Information and Guidance (CEIAG) programme to help our students make a successful transition to the next stage of their development, be this further education, vocational training or employment and to become effective careers managers throughout their lives.

The CEIAG programme provides support for students facing the challenge of choosing their career options and developing their plans for the future. Helping them to make sound judgements based on current Labour Market Information (LMI), their interests and aptitudes. It provides them with opportunities to develop key employability and enterprise skills needed to succeed in the world of work.

Modern careers guidance is as much about inspiration and aspiration as it is about advice. Our programme offers contacts with people from the school, employer networks, FE colleges, higher education institutions, alumni or other high achieving individuals to motivate students to think beyond their immediate experiences and encourage them to consider a broader and more ambitious range of career options.

In accordance with our statutory duties as detailed in Section 42A of the Education Act 1997 we will ensure that all students are provided with independent careers guidance which will:

- be presented in an impartial manner, showing no bias or favouritism towards a particular institution, education or work option;
- include information on the range of education or training options, including apprenticeships and technical education routes;
- be guidance that will promote the best interests of the pupils to whom it is given.

National and local expectations

The CEIAG Programme will be delivered to ensure that the school meets the following expectations and requirements:

- DfE Statutory Guidance “Careers Guidance and Access for Education and Training Providers” – January 2023
- Abbey College Provider Access Policy Statement (Baker Clause)
- Ofsted Inspection Framework – July 2022
- Skills and Post-16 Education Act – April 2022 (Baker Clause)
- CDI’s Careers Development Framework - 2021
- Gatsby Benchmarks Outcomes
- Careers Strategy: Making the Most of Everyone’s Skills and Talents - December 2017

- The Quality in Careers Standard
- School Improvement Plan
- The Office for National Statistics – NEET

Outcomes

All students in the school from year 7 to year 13 have access to a work-based learning programme that provides opportunities for self-development, knowledge of careers, career management, the world of work and the development of employability skills.

The CEIAG strategy has three broad aims:

1. Students will be able to make informed decisions about their future
2. Every student will fulfil their potential
3. Students will develop skills for success

To do this we expect all students to achieve a number of outcomes by the time they leave school:

- Know how to access and analyse information about local and national job opportunities. Understand the range of opportunities available and the variety of routes into different careers.
- Have had multiple opportunities to meet with employers from a wide range of sectors in order to understand different businesses and the sectors to which they belong, developing a general understanding of the world of work.
- Gain experiences and insight into real life working practices and environments through work experience and encounters with businesses.
- Challenge stereotypical thinking in the workplace.
- Understand and evaluate the full range of learning opportunities that are available to them, including academic and vocational routes and learning in schools, colleges, universities and apprenticeships.
- Recognise their strengths and preferences to help them make informed decisions. Identify areas of development in order to achieve their full potential and overcome barriers to progression.
- Recognise the different entrepreneurial and employability skills that will help them succeed in the world of work. Have the opportunity to develop and build on these skills.
- Identify out of school opportunities to develop career aspirations, such as volunteering or the National Citizenship Service.
- Opportunity to apply classroom learning to real world situations, developing life skills such as resilience, problem solving, decision making and team building in order to overcome real life challenges.
- Opportunities to understand the wide range of career choices that require success in maths and science, STEM (science, technology, engineering and maths) for both girls and boys.
- Have a career development plan tailored to their preferences, interests and needs.

Strategic Approach to Delivery

- Overview of how the careers programme will be delivered:
 - In form time.
 - Included within other curriculum areas – Linking curriculum with careers.
 - Entitlement (year groups and amount) – List of entitlement for each group on careers webpage and in school.
- Our two link governors support our careers programme by taking part in various careers events/activities, including carrying out mentoring sessions with identified students.
- The Careers Leader is responsible for managing and delivering the school's careers programme ensuring that the Gatsby Benchmarks are met and aligned to the CDI's Careers Development Framework. The role involves: planning, implementing and quality assuring the careers programme; delivery of career guidance; networking with external partners, including employers; coordinating the contributions of subject teachers, form tutors and SENCO.
- The Careers Leader is qualified at L6 in Careers Guidance & Development. The Careers Coordinator, carries out on the job development, external CPD and is a member of the Huntingdonshire Work Experience Group.
- There is an allocated budget for Careers which the Careers Leader manages.
- All school staff and governors are expected to support and contribute towards the delivery of the Careers Programme. Appropriate training and support will be provided.
- We have achieved The Quality in Careers Standard.
- All students in all years are entitled to an impartial 1:1 careers information and advice interview with the Careers Leader. All students in Year 11 will have had a destination interview by December 2023, with identified students having theirs in the summer term of Year 10.
- To support decisions about option choices, in group sessions, all Year 8 students research the Unifrog careers library and update their careers profile. They also have assemblies and taster sessions for each subject.
- The school's website includes information about our careers provision and how this meets the Gatsby Benchmarks, together with our Careers Policy.
- We engage with key stakeholders (employers, FE, HE and training providers, parents/carers, Growthworks, Governors, Enterprise Adviser) to support with our programme by delivering various careers events/activities. There is a copy of our Provider Access Policy on our school website.
- Students will be provided with opportunities to experience "meaningful" encounters with the full range of learning providers that are appropriate to their transition point.

- Work experience for one week in March is mandatory for all year 10 students who organise their own placement, with the support of the Careers Team as required. Year 12 students have the opportunity undertake a period of work shadowing (including virtual) and organise their own placement.
- The Careers Programme will be subject to an annual review based upon a 'plan, do and review' process which will be informed by data, feedback and evaluation information.
- Data will be obtained from: Intervention requirements, careers interests (from Unifrog), intended destinations, September Guarantee statistics, immediate and maintained destinations, NEET figures, Progress 8 and other sources.
- Feedback and evaluation information will be generated from events and activities undertaken by students, employers, other providers, teachers, support staff, and parents/carers.

Current Priorities

Our careers strategy is informed by the following current priorities:

- Supporting individual aspirations, improving attainment and ensuring positive destinations in order to prevent NEETs.
- Meeting the needs of specific groups including looked after children, young carers, children from economically-deprived backgrounds and children with special educational needs and disabilities, to support them in overcoming barriers to learning and progressing.
- Developing student's career management skills, especially those associated with career adaptability, resilience, enterprise and employability, to help them understand themselves and the world around them, so they can take control of their career with all its potential opportunities.
- Improving students working lives by helping to identify the values that are important to them, such as contributing to the wellbeing of others through their paid and voluntary work and working in greener ways, carried out in form time activities, work experience, Duke of Edinburgh, lessons in Social Studies.
- Developing the use of digital technologies (eg Unifrog, relevant careers websites) to meet students career development needs in conjunction with face-to-face support.
- Working with parents/carers, alumni, education providers, community and business partners to meet students career development need, through careers programme/events, work experience, guidance interviews, Careers Fair, engagement with local colleges and universities, National Citizenship Service, Skills Service, student support.

Priority relating to School Improvement Plan:

- Extend Mentoring to KCode students
- Improved delivery of Gatsby BM4

How this will be achieved

We have a comprehensive programme that is at the core of the school curriculum. We aware that this cannot be delivered by the school alone and each of the stakeholders below has a role to play:

- Governors
- Senior Leadership Team
- Teachers
- Support Staff
- Students
- Parents/Carers
- Employers
- HE and FE providers
- Apprenticeship providers
- Enterprise Adviser

Resources have been allocated to ensure the success of the plan and there is a dedicated budget. All year groups are allocated time in the school calendar to take part in careers events/activities.

We ensure all staff are updated regularly about opportunities and changes in curriculum delivery.

Implementation Plan

YEAR GROUP	AIMS	DELIVERY
7	<p>To provide students with a foundation CEIAG knowledge to be built upon as they progress through school and enable them to make informed decisions about their future.</p> <p>To inspire students by helping them to find out about a range of growing sectors and exciting jobs.</p> <p>To develop their self-awareness by identifying the employability skills they already have to help them succeed.</p>	<ul style="list-style-type: none">• Create a Careers Plan using the Unifrog careers program• Self-awareness and skills development lessons in Social Studies• Research careers and present findings• BAE Systems STEM roadshow• STEM Day• Guess the Professional Activity• Interview with Year 12 student• Careers Fair• Linking subjects to careers activity in lessons

		<ul style="list-style-type: none"> • Careers Workbook - activities
8	<p>To widen their aspirations and find out about business sectors and jobs that will inspire and motivate them.</p> <p>To identify their preferences and interests in order to inform their decision making for KS4 options.</p> <p>They will begin to understand the various routes into different careers, including university and apprenticeships</p>	<ul style="list-style-type: none"> • Unifrog session to support with option choices • Meet the Professional • Careers Fair • Visit to a university (identified students) • Apprenticeships, TLevels and Vocational qualifications presentation. • Options Evening • STEM event • Linking subjects to careers activity in lessons
