

16th January 2024

Year 11 Geography Hunstanton Visit 2024

Dear parents / carers,

As part of a well-balanced Geography curriculum that enables learning to be conducted outside the classroom, the Geography department at Abbey College is pleased to offer the following trip for Year 11 students:

- **Thursday 14th March 2024** – Hunstanton to study geographical skills and conduct a fieldwork investigation in preparation for Paper 3. This visit will be to enhance and develop classroom learning. This trip will take place during the school day (depart at 9:00, return to school by 16:00).
- **Cost = £19.00**

Further details about the day will be given to the students closer to the time.

Please note that all Year 11 students must conduct fieldwork to meet the requirements for the fieldwork component of their GCSE examinations.

The cost of the trip is to predominately pay for the transport but it also covers travel insurance.

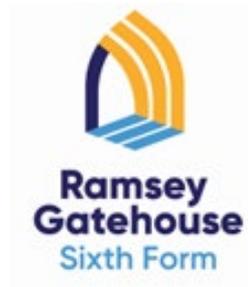

In order to ensure smooth and efficient running of our trips in Geography, we are requesting all trip payments to be completed by **Friday 8th March 2024**.

Payments can be made online at www.parentpay.com. Click on the 'login' button and enter your existing username and password or, alternatively in school using the finance office student drop box. All cash/cheques must be in a sealed envelope with your child's name and Hunstanton written on the front.

Cheques should be made payable to '**Abbey College Ramsey**'. If you wish to be re-advised of your ParentPay details, please contact office@abbey.college .

Insurance held by Abbey College, Ramsey through a Risk Protection Arrangement with the Department of Education and covers all legal liability to students on the visit. Details are available from the school upon request. **Please note our Risk Protection Arrangement does not cover cancellations due to Covid and we advise all parents to take out your own UK travel insurance for Covid related cancellations that may or may not occur.**

We look forward to this trip and are confident that it will be both academically rewarding and enjoyable for the students.
