

<p>What you gained in Year 9</p> <p>You had the opportunity to take part in the Subway competition. This helped develop key Enterprise skills that can be used within your coursework. You have also started planning for your own enterprise idea.</p>	<p>What you missed in Year 9</p> <p>You continued planning your enterprise idea at home and constructing a Business plan, but didn't have any face to face teaching on presenting skills. If you were in school you would have delivered your presentation.</p>
<p>Curriculum Update Enterprise Year 9</p>	
<p>How we'll catch you up</p> <p>Component 2 is worth 30% of your final mark and you will continue working on this unit to support what you did at home.</p> <p>You will still have time to complete your Business plan idea and deliver your presentation</p>	<p>What you will study in Year 10</p> <p>Reviewing your Business idea Promotion Financial Records Financial Planning and Forecast</p>

<p>What you gained in Year 9</p> <p>You had the opportunity to take part in the Computing club to develop skills. You also learnt key creative skills with digital graphics, learning about client briefs, raster & vector graphics and their uses in photoshop. You have continued to develop key digital graphics skills at home.</p>	<p>What you missed in Year 9</p> <p>As we restructured our learning to create work that would be possible at home, it wasn't possible to practice the use of applications or complete the 10 hour assessment for R082.</p>
<p>Curriculum Update Creative I-media Year 9</p>	
<p>How we'll catch you up</p> <p>When we return you will continue to practice key R082 skills and prepare for the 10 hour assessment by October. The skills within the unit will support the next unit of R081 and this will help minimise any missing content.</p>	<p>What you will study in Year 10</p> <p>Digital Graphics Pre Production Skills</p>

<p>What you gained in Year 10</p> <p>You completed Component 1 worth 30% of your final mark and started to prepare for Component 3 (examined unit worth 40% of the final mark)</p> <p>You also had completed significant parts of Component 2.</p>	<p>What you missed in Year 10</p> <p>We didn't complete the examined unit that should have taken place in May. You also didn't have any face to face teaching on Financial Planning</p>
<p>Curriculum Update Enterprise Year 10</p>	
<p>How we'll catch you up</p> <p>We will start Year 10 by reviewing your work for Component 2. We will then submit your final assessment. Once we have done this, we will prepare for a re-sit in February for your examined unit and be back on track</p>	<p>What you will study in Year 11</p> <p>Reviewing your Business idea Promotion Financial Records Financial Planning and Forecast</p>

<p>What you gained in Year 10</p> <p>You have learnt about websites and you have learnt how to create websites using Dreamweaver with HTML and CSS.</p> <p>You have started course work for R085 unit - Creating Multipage Websites.</p>	<p>What you missed in Year 10</p> <p>You didn't complete your R085 course work and you didn't improve your R082 (Creating Digital Graphics) course work after receiving feedback</p>
<p>Curriculum Update Creative I-media Year 10</p>	
<p>How we'll catch you up</p> <p>You will complete R085 and improve R082 course work in the first half term.</p> <p>You will complete mock examination on R081 after return to school to check what you have managed to learn during lockdown and to find any gaps you will need to close before exam in January.</p>	<p>What you will study in Year 11</p> <p>Revision for R081 examinable component Learning about multimedia products - unit R087</p>
