Ramsey Gatehouse Sixth Form; let us open the door to your future

Dear Parents and Carers,

Over the course of the last year, we have been working hard to further develop and refine our successful sixth form offer to make sure it's as attractive and engaging as possible for the young people in our local community. Our students have been a central part of this and have shared their invaluable experiences and thoughts throughout the entire process. We are so grateful for their support and together, we have created a new sixth form brand that we can all be really proud of.

From September 2023, Abbey College Sixth Form will be known as Ramsey Gatehouse Sixth Form. Ramsey Gatehouse Sixth Form will be the heart of Abbey College; a place our students aspire to reach. It will be a new sixth form but building on our impressive track record of securing high levels of attainment and supporting students into higher education and employment. To help create a distinction between the main school and the sixth form, Ramsey Gatehouse Sixth Form will have its own unique logo. We are proud to share this with you below and thank our students, staff and community for their input into this design.

The logo is grounded in the history of our local community, featuring the door of the Ramsey Gatehouse, but elevated with a modern feel and colour palette to ensure it feels relevant for our students.

At Ramsey Gatehouse Sixth Form, students' learning experience will be tailored to them, with an ever-expanding mix of academic and vocational subjects to suit their needs and interests. Students will be able to learn in a way that best suits them; whether that's working in our upgraded sixth form areas, collaborating in our vibrant Study6 café, or studying at home.

Our study areas will be refurbished over the summer to provide a vibrant area for learning within which students can use their own devices or our modern ICT facilities. Over the years, we've also built a bespoke specialist team of sixth-form tutors, a dedicated careers team and UCAS experts to ensure our students reach their potential.
