Apprenticeships at IBM

As an Apprentice at IBM, you will work alongside experienced professionals to gain hands-on experience and develop your skills in a dynamic and innovative environment. You will contribute to projects, participate in training and development programs, and collaborate with cross-functional teams to drive business outcomes.

Apprenticeship Programmes We Offer

Level 4 Junior Management Consultant Apprenticeship

This entry-level program that teaches practical skills and knowledge for a career in management consulting. It's equivalent to a Higher National Certificate (HNC).

Level 6 – Design & Technology Solutions (IT Management for Business, software development)

The scheme combines academic study (equivalent to a bachelor's degree) with practical workplace learning.

Why Work at IBM?

- At IBM, work transcends typical jobs—it's a calling to build, design, code, consult, and collaborate.
- Employees push limits, tackling complex global challenges with knowledge, logic, and science.
- IBM improves business, society, and humanity through hybrid cloud and AI strategies.
- IBM's core strength lies in its people and partnerships worldwide

Equity, Diversity and Inclusion

Through our various programs, IBM empowers employees to express their authentic selves and contribute to a diverse workforce that generates innovative ideas. You can join some of the many communities and social groups we have for Early Professionals such as Eagle (LGBT+), Girls Who Code, BAME, People with Disabilities and various location social groups and sports teams!
